

Need some help with the new calculator?

Join SDCI for free Stormwater
Code Training Sessions

The code became effective January 1, 2016.

The focus of this free training is to provide further assistance to designers, builders and applicants with:

**Using the List Approach Calculator • Drainage Standard Plans
• Infiltration Testing and Infiltration BMP's**

Please bring your questions! We will focus the training based on the needs of the attendees.

Register for one of the free trainings:

Thursday, September 22

8:30-9:30 a.m.

RSVP: bit.ly/2b8yQ64

Thursday, October 13

8:30-9:30 a.m.

RSVP: bit.ly/2b8z10B

Trainings will take place in the Seattle Municipal Tower.
700 Fifth Avenue, Suite 4080

Trainings will be hosted by the SDCI Drainage Review Team.
